## FURNITURE Classics

### Hastings Side Tables

Cleverly geometric styling is the hallmark of this unusual and striking side table. The gold toned hammered metal frame supports two shelves; the lower is marble, while the upper is clear glass. Not just a side table, this beauty is the jewelry for your stylish room.

- Width: 18
- Depth: 14
- Height: 22

### Cole Console

The Cole Console showcases a striking blend of rustic texture and refined detail. Crafted from reclaimed wood, its rich grain and natural imperfections give each piece a unique character and warmth. The silhouette features a graceful arched opening beneath the top, adding an architectural element that softens its substantial form. A white marble inlaid top provides a beautiful contrast to the deep wood tones,

bringing a touch of brightness and sophistication. Timeless and versatile, the Cole Console makes an elegant statement in an entryway, hallway, or living space.

- Width: 59
- Depth: 13
- Height: 32

### Adelaide Side Tables

What a stunner! This handsome series of tables features a softly patterned rough edge disc of cream and gray granite supported by a golden hammered metal base.

This series adds a lovely gleam to today's neutral palettes.
